# Ultimate Hybrid™

Mothers® Ultimate Hybrid™ brings you the best of SiO<sub>2</sub> ceramic and carnauba wax in a product line tailored to eliminate learning curves and application curve balls, allowing you to care for your vehicle as you always have. It's that easy!

**NEW**  
COLLECTION  
**SALE**

**NEW!** \$39.99

## 1-STEP CERAMIC CLAY & COAT // MOT 07260 [24 oz.]

Regardless of where you live, your car's finish is exposed to a variety of potentially damaging contaminants. Paint overspray, water spots, fresh tree sap, rail dust, bird droppings, light oxidation and brake dust may seem harmless, but left alone, these particles can cause molecular breakdown of your paint, leaving the finish dull and vulnerable to further deterioration. Ultimate Hybrid™ 1-Step Ceramic Clay & Coat will stop this damage, restore brilliance, and leave a "just coated" super-hydrophobic, liquid-gloss appearance to your car's paint, chrome, glass, and smooth plastics.

**NEW!** \$16.99

## CERAMIC Detailer & Bead Booster

// MOT 08264 [24 oz.]

Ultimate Hybrid™ Ceramic Detailer is a true instant detailer, effortlessly clearing away dust, fingerprints and smudges, while simultaneously enhancing the protective, hydrophobic beading characteristics of any finish. It can be used over your existing ceramic coating, sealant or wax, or even as a stand-alone bead booster on uncoated vehicles.

**NEW!** \$29.99

## CERAMIC Spray Wax // MOT 05764 [24 oz.]

From greasy fingerprints and smudges to road grime and dust, Ultimate Hybrid™ Ceramic Spray Wax's ultra-slick formula lubricates while it cleans, leaving you with a scratch-free, SiO<sub>2</sub> protected, liquid-gloss appearance that repels water and contaminants with ease. Use as a stand-alone product, or as a booster over your existing ceramic coating, sealant or wax. Apply in layers for increased depth, durability and protection.

**NEW!** \$25.99

## CERAMIC Wax // MOT 05566 [16 oz.]

Ultra-fine polishes remove minor imperfections and oxidation, promoting proper adhesion and paving the way for a long lasting, SiO<sub>2</sub> fortified shine that repels water and contaminants with ease. Keeping with conventional methods, our Ultimate Hybrid™ Ceramic Wax eliminates learning curves and application curve balls, allowing you to wax on and wax off as you always have.

# ESCORT®

For Everything Automotive

[www.carsalon.ca](http://www.carsalon.ca)

1725 32 Ave NE #122, Calgary, AB T2E 7C8

## ESC REDLINE-360C

# REDLINE 360c

We didn't raise the bar. We shut it down. The ESCORT Redline 360c sets the new technical standard for driver alert systems. 2X the range. 360° directional awareness. 100% stealth.

Get ready to **RE**define the road.

## STREET CRED

*The Redline 360c is not for everyone, only those who expect the best. Never settling, never cutting corners. We delivered the best of the best for the people who expect high-end performance.*

### 1 EXTREME RANGE

Relax, with extreme range (2X longer range compared to Redline EX), you'll know exactly what's ahead, behind and all around you.

### 2 ALWAYS TRUE. NEVER FALSE.

Exceptional accuracy against false alerts (AI-assisted filtering) means you'll know what's a real threat and what's not.

### 3 INCREASE YOUR ROAD IQ

A powerful processor (25X more vs. Redline EX) provides rapid response times and alerts faster than ever before.

DEAL

**\$1,499.99**

### 4 SEE, BUT DON'T BE SEEN

Advanced stealth (invisible to all RDD – Radar Detector Detectors) technology ensures you stay completely anonymous.

### 5 WELCOME TO THE RED ZONE

True 360° directional awareness and location accuracy within 2.5m give you an all-around protective shield.

### 6 REDY WHEN YOU ARE

A driver network with over 100 million real-time shared community alerts per year ensures maximum protection.

# HUB WIRELESS CONTROL

## WIRELESS TECH, USER FEEDBACK, ALL FROM YOUR SMARTPHONE

This state-of-the-art wireless control system allows you to operate your truck or powersports winch using the Bluetooth<sup>®</sup> connection on your smart device. The IP68 waterproof HUB Wireless Receiver connects to your winch, and then our free custom-developed app for either iOS<sup>®</sup> or Android<sup>®</sup> communicates with the receiver via Bluetooth signal. Your smart device will be able to operate the winch from up to 100' away and monitor your vehicle's battery voltage. AXON versions will also let you observe the winch's load and winch's motor temperature so you know exactly what's going on during a recovery. Download the App from the Apple App Store<sup>®</sup> or Google Play Store<sup>®</sup>.

## MOLLE PANELS

A pickup full of gear doesn't have to be a jumbled mess. Whatever you're doing it's inevitable at some point you're going to end up with a bed full of gear. The Putco MOLLE Rack System is custom engineered to fit directly to each make and model using the existing OEM mounting points in the bed. The rack systems allow you to keep your gear organized, easily accessible and secure. They work with all MOLLE, PALS, Quick Fist, and many other gear strapping systems to hold your cargo in place on the roughest roads.

## Elevated TEC Crossrails

This version of the TEC Crossrail takes your Venture TEC Rack or your Truck Bed TEC Rails to the next level. This allows you to maximize the cargo space of your truck and provides more areas to add more items or storage to your rack or rail set. Putco's patented TEC Channels are featured on the crossrails and continues the endless ways that you can customize your Venture TEC Rack or TEC Rails.

## 20K SIDEWINDER™

The ultimate short bed towing solution REESE® Sidewinder™ is the premium pin box designed specifically for today's short bed pickups. Patent pending design automatically eliminates turning and clearance headaches. Now you can make up to 90-degree plus turns without exiting the truck.

- Sidewinder's king pin locking mechanism moves the pivot position 22" rear of the pin box's attachment point. By moving the pivot rearward while keeping the load centered over the axles, the trailer automatically tracks more closely to the truck.
- The pivoting pin box makes hook up possible at any angle.
- With the towing position of the pin box arm locked in line with the truck, you can make full use of the truck bed space, giving you extra storage space for fuel tanks, toolboxes and cargo.
- The C-channel design gives it more stability and strength than the standard pin box design. It also allows better load capacity and the ability to support heavier loads.
- Fits wing set make and model #'s:
- Lippert #1621, Lippert #1921 HD, Lippert #0719, Fabex PB 600 Series
- Spacer kit required for installation on:
- Lippert #1716, Lippert #1116, Lippert #0115

## 16K ELITE AIRBORNE + SIDEWINDER™ COMBO

The best of both worlds. The REESE® Elite™ Airborne™ combined with the Sidewinder™ is the ultimate pin box. It provides the smoothest ride on the market and automatically eliminates turning and clearance headaches.

- Provides all the benefits of the REESE® 5th Airborne™ air-ride technology and the REESE® Sidewinder™ pin box.
- Enhances maneuverability and comfort
- Takes the worry out of traveling with a fifth wheel trailer
- Durable, lasting design for years of trouble free use
- 90-plus degree turning with a short bed truck
- Fits: Lippert #0719, #1621, #1621 HD, Fabex 600 Series, M&M 663 and 665
